

Willemstad – Curacao, July 2nd 2024

Dear customers,

Our mv Pia Express has sailed from the port of Tampa/FL and is heading for Puerto Moin. Unfortunately her arrival time into Moin is seriously affected by the projected track of extremely dangerous hurricane Beryl.

Pia Express is under weather routing advise, which has recommended the ship to wait in a safe position for hurricane Beryl to make landfall at the Yucatan Peninsula, and only thereafter resume her voyage towards Puerto Moin.

Under this scenario the expected arrival time of Pia Express into Puerto Moin will be July 8<sup>th</sup> at 0600 hours, weather permitting.

Regards  
Seacat n.v.
