

Willemstad/Curacao - Tuesday, June 1st, 2021

Dear valued customers,

Seacat has reviewed its Environmental Surcharge Fee (ESF) and this will become effective for voyages departing after July 1st, 2021.

Based on the VLSFO prices for the period March 1st 2021 till May 31st 2021 the average fuel value price for VLSFO is U\$ 509,22/mt.

Consequently the ESF will be 176,22/TEU respectively U\$ 352,44/FEU.

If you have questions or need further guidance, please reach out to the local Seacat representatives. We thank you for shipping with SeacatLine, and for supporting global sustainability initiatives.

Best regards,
SeacatLine N.V.
